

Conference Highlights

Join us at Fort Concho National Historic Landmark for another weekend exploring the history of women from all walks of life and across the world.

Our members will be speaking about many topics including ladies with tattoos, bold women who stepped out of line to work in fields traditionally dominated by men such as scientists and military pursuits, etiquette of the times, fashion trends from around the world, women of color who dared to pursue male dominated trades, great ladies of the time, as well as personal family histories and how to research your own families genealogy.

We will learn about a notorious lady, Lottie Deno from author Jan Devereaux and law and order Texas style from author Bob Alexander.

Additionally, Mitch Baird of the Texas Historical Commission will speak about, "Indian Wars Era Forts: 150 Years of Lines Drawn in the Sand."

A technology session will address how to present your research to audiences of many types.

Ladies Bazaar!

Please bring items to sell to our group and to the public. It is a chance to sell new items as well as to sell items you no longer use in your living history presentations. Trading is also an option. If you would like to donate an item for door prizes that would be nice. A Show and Tell session will once again be a highlight of the symposium with a prize given for the most unique item!
