At
Old Fort Concho

You are invited to join us on the Fort Concho Parade Grounds for the Students' Day at the Winter Rendezvous! Living Historians from all over Texas set up camps to teach students American history. (Texas Revolution to World War II.) This day allows students to see the history they may have read or heard stories about in everyday life. Teachers and students visit each camp and engage with interpreters for a ten to fifteen minute interpretation prepared for your students.

To register: call or text Fort Concho's education department at 325-650-3161, or send us an email at sarah.ross@cosatx.us, and tell us how many students are in your group, whether you will be attending the morning or afternoon session, and if your school will need an invoice. When you are registered, we will send you a detailed letter helping you and your students to prepare. We hope you will join us!

Students' Day fee is three dollars per student.

All chaperones and teachers get in free!
